Indian Institute of Technology Jodhpur

IITJ/OA/C/2020-21/16/..2467 Dated: 10 July 2021

CIRCULAR

Subject: Guideline for performance improvement of credits earned by Ph.D. students enrolled from July 2019 is as follows:

1. While securing minimum over-all CGPA requirement in the 12 (Ph.D. in departmental domains)/ 30 (Ph.D. in IDRP domains with M.Sc. degree in a Science discipline/direct Ph.D.) earned credits, a course repeat process may be allowed for a maximum of 4 credits for Ph.D. in departmental domains and 8 credits for Ph.D. in IDRP domains with M.Sc. degree in a Science discipline/direct Ph.D. The candidate can repeat the course within the said credit limit in which he/she has obtained a pass grade but performance is poor (secured grade is B- or lower).
2. No replacement of course(s) in which the student has secured pass grade and above is allowed.
3. This provision will help as a grade improvement scope for candidates in Ph.D. programmes
4. If the candidate opt to repeat a course, then the grade secured in the next attempt will prevail.
5. The improvement policy will be applicable retrospectively from July 2019.

This issues with the approval of the Competent Authority.
